Summary

Highly motivated and enthusiastic software engineer with a strong foundation in front-end and back-end development. Proven ability to work independently and as part of a team to deliver high-quality products. A quick learner with a strong work ethic and a commitment to excellence

Work Experience

Digital Specialist Engineer, Infosys  08/2021 – present | Hyderabad, India

- Implemented robust and scalable back-end solutions using NodeJS and Spring Boot.
- Developed responsive and intuitive user interfaces with ReactJS.
- Played a pivotal role in migrating a critical Java application to React and NodeJS, contributing to improved performance and delivering an enhanced user experience.
- Engaged in thorough discussions with cross-functional teams and business stakeholders to ensure a clear understanding of project objectives and requirements.
- Actively engaged in Agile ceremonies, including sprint planning, daily stand-ups, and retrospective meetings, fostering a collaborative environment and contributing to project success.
- Demonstrated expertise in all phases of the Software Development Life Cycle (SDLC) and proficiency in Agile methodology, contributing to the streamlined and efficient execution of projects.

Software Engineer Intern, Temenos  02/2021 – 08/2021 | Chennai, India

- Automated web UI testing using Selenium WebDriver and Java, achieving a 40% reduction in testing time and enhancing overall testing efficiency.
- Conducted thorough manual testing, executing test cases and scenarios to identify and report software defects.

Education

Bachelor of Technology, SASTRA Deemed University 07/2017 – 06/2021 | Thanjavur, India
Electronics and Communication Engineering
CGPA : 8.83/10
